

MAN PrimeServ

MAN | PrimeServ

Service without Limits

“To be or not to be – we aim to be our customers’ preferred business partner!”

MAN PrimeServ

“We aim to be the leading service company and a reliable service solutions partner to our customers.”

Our offer

Global presence, optimized processes, technical competence and service orientation

Global Presence

“Customer orientation and consistently high availability – we continually strive to enhance the PrimeServ network of service hubs in all main markets.

MAN PrimeServ provides a worldwide service network for repairs and overhauls.”

Global – local

When service is required, MAN PrimeServ is the right partner to organize fast and flexible assistance. We guarantee speedy completion and high service and product availability, globally and around the clock, wherever and whenever the need arises.

Optimized Processes

“Our goal is to provide our customers with immediate technical support and original spare parts, delivering service and quality every time and everywhere.”

Solution oriented

Added value through optimized handling of your service requirements demonstrates our efficiency as a prime service provider. We focus on in-time delivery of spare parts and optimize maintenance processes through remote monitoring and regular consultation.

Technical Competence

“As an OEM we set global technology standards, through ongoing improvements to our technology and ever-greater environmental commitment.”

Technical expertise

Our OEM spare parts come from the same place where our state-of-the-art new products are developed. They are not mere replacement parts, but highly evolved components. Coupled with our most current maintenance and repair technologies, our OEM spare parts will greatly increase the service life of our customers' machinery.

Service Oriented

“Our customers benefit from our service solutions, which can be implemented at any time in order to increase service life, improve availability, reduce emissions or simply deliver the right parts and labor quickly.”

Excellent service

We deliver custom service solutions that can be implemented at any time, in order to increase service life, improve availability or deliver the right parts and labor quickly.
